

**Usher Help List: The following pointers are aid that should help provide a smooth and comfortable start.**

1. Report to the Head Usher of your group 10 or 15 minutes prior to the start of the service.
2. Please be responsible in your church attire. A dress shirt and long pants are acceptable when reporting for usher duties.
3. The head usher will give you a collection basket and assign which aisle is yours.
4. When you pass the basket, be sure to count all persons of every age in the pew you pass the basket to. Always watch the other usher collecting so your baskets do not cross.
5. After collection is made, bring your basket to head usher so all collections are combined into one. Also tell that usher your count number.
6. If you are a balcony (upstairs) usher, you are expected to ring the bells prior to the start of the service, which is after the organist stops playing.
7. You will receive an updated usher list soon. Always look for your next assignment. If for some reason you cannot be there, please call the head usher of your group, one or two days before.
8. If you have any questions, please ask one of the other ushers for their opinion.

Thanks again for being a volunteer in the Lord's House.
